

THE History OF Atlantic Water Gardens

From past to present, see what key events helped Atlantic Water Gardens grow into the successful manufacturing company it has become today.

1988

OFFICIALLY OPENS

**ATLANTIC WATER GARDENS
OPENS ITS DOORS IN
EGG HARBOR TOWNSHIP, NEW JERSEY**

1989

**IN 1989, THE FIRST POND EQUIPMENT IS
MANUFACTURED AND SOLD**

**DID YOU
KNOW?**

When Atlantic Water Gardens first started out, they manufactured pre-formed pond products, then later began manufacturing filters and skimmers that are used to build more naturalistic ponds, today.

1995

**ATLANTIC WATER GARDENS INTRODUCES
THE PEBBLE BASIN -
THE FIRST FOUNTAIN STYLE BASIN**

1997

2005

WE MOVED

**ATLANTIC WATER GARDENS
MOVES TO ITS CURRENT HOME
IN MANTUA, OHIO**

**DID YOU
KNOW?**

One reason that Atlantic Water Gardens relocated from New Jersey to Ohio is because Mantua is near the demographic center of the US?

Turns out about 60% of the US population lives within 600 miles of Ohio, making it an ideal place from which to ship product to every corner of the nation.

2007

**ATLANTIC WATER GARDENS ENTERS
THE PROFESSIONAL EQUIPMENT
AND PUMP BUSINESS**

THEN AND NOW

When Colorfalls was first launched in 2008, it was only available in 4 solid colors; Fire Red, Ice Blue, Crystal White, and SOL White.

Today Colorfalls has branched out and is now also available in our Color Changing brand, allowing users to choose between 48 different color options and 16 different patterns via remote control!

2009
