

HAMMERED BRASS BOWLS

Compliment any landscape with the timeless beauty of brass

Beautiful by themselves, even better together

Install these as individual pieces or nest the bowls together for a tiered effect in combination with the Pedestal accessory

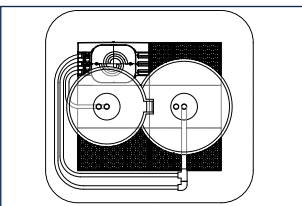

Dual Threaded Inlets

Dual threaded inlets allow water supply to be plumbed independently from lighting cords using Atlantic's Cord Seal Fitting

Hand-hammered Solid Brass

Bowls are constructed of solid brass, hand-hammered and given an acid washed patina making each bowl one-of-a-kind

Multiple Installation Options

Bowls can be installed on Fountain Basins and single or multiple Bowls can be installed on Eco-Rise Systems
